

Omec 350T

- Smooth ribbon, pull-tight seal
- This seal is ideal for applications where strength is the requirement.
- Showcases a rolled heat staking technology that secures the metal spring insert to the body. Therefore you are assured with proof of tampering in case of forced opening or cutting
- Seal cover is made from transparent plastic to reveal evidence of tampering to the metal spring insert of the seal
- Protects and ensures content security for high risk or high-value situations
- Each seal features a unique number for added security and easy auditing

Best-suited for:

Airlines, Cargo, Trailers, Tankers, Rail & Sea Freight, Containers, Refineries, Warehouses, Cashbags, Postbags, Valves, Hatches, Lockers
